

All Aboard

Year 3 topic Autumn Term 1st Half 2017

We created a dance sequence in PE

We investigated objects in the classroom that were magnetic.

We take part in daily exercises to improve our learning and concentration skills.

We built train models at school and at home using recycled materials.

We enjoyed our visit to Shildon Railway Museum. We learned about the history of the railway.

To investigate friction, we rolled cars on different surfaces to see how far they would travel
