

I Came, I Saw, I Conquered!

As part of our learning about the impact the Romans had on Britain when they settled here, we went to Segedunum. This was the site of a Roman Fort. We learnt about what life was like living on the fort. We imagined we were Roman soldiers and saw how small their living quarters were. We also got to see parts of Hadrians Wall. We stood on a replica and saw how big it was

In Science we have really enjoyed learning about living things and their habitats. We went on an invertebrate hunt around school and found lots living in many different places.
