The total of these amounts goes over the allocated funding of £17,300. This is topped up from school budget in-line with school priorities.

Impact of the Sports Premium 2019-2020

- 1) All children in KS1 and KS2 given the opportunity to participate in sports festivals linked to the curriculum. Children from UKS2 and KS1 were able to attend sports festivals in the Autumn and Spring Term, however due to Covid-19 and the closure of schools the children in LKS2 were unable to attend
- 2) A continued improving number of children participating in a wider range of after school clubs, ranging from multi-skills, football and dance, which is available to both KS1 and KS2. Table tennis club was due to run in the Summer Term however Covid-19 and the closure of schools meant that this could not take place.
- 3) Increased confidence of staff in the delivery of quality PE and sports in school from specialist teachers working alongside them.
- 4) The school continues to promote Active 20, to ensure at least 20 minutes of activity and active learning throughout the school day, staff have undertaken CPD on this to support this creatively in and out of the classroom.
- 5) The whole school focus on PE and levels of fitness has shown increased activity that can be seen throughout the school day, eg 15 minutes of exercise each morning and more opportunities for active learning in other lessons.

- 6) Heightened promotion of PE as a subject given in school. Children in upper school have had the opportunity to attend Football and Dodgeball leagues, they were well attended and supported by children, staff and parents. A netball league was due to take place in the Summer Term, however due to Covid-19 this did not take place.
- 7) Increased number of staff taking part and supporting extra curricular sports activities.
- 8) New resources that were purchased this year, for example Outdoor Adventurous Activities equipment, meant that staff could deliver all areas with greater ease and success.
- 9) Improved behaviour on the playground with allocated skipping zones, daily timetabled basketball area and climbing frames.
- 10) Improved behaviour on the playground, through the activities on the life channel, resources purchased for playtime and lunchtime physical activity and staff awareness of games to play.
- 11) Covid-19 and the closure of schools has meant the timetabled Spring 2nd half and Summer Term sports activities, such as Sports Days, Football World Cup, Tennis Festival, Tri-Golf Festival, Rounders Festival, Netball League and Frisbee World Cup were unable to take place. Children have been sent home as part of their home learning pack activities for health and fitness alongside well being activities during this unprecedented time.
